

Sentinel Nexus — Vehicle Movement Report — MPE3389

Generated 2026-09-02 16:33:55 UTC

Query: MPE3389 (plate match)
Sightings: 1 across 1 camera(s)

#	Camera	Location	Timestamp	Vehicle	Conf.
1	OWN-01	Demonstration Checkpoint	2026-09-02 16:32:28	MPE3389	0.99

Timestamps are read from each camera's burned-in overlay clock, which reflects when the footage was recorded. Rows marked NOT_READABLE had no legible registration plate and are identified by vehicle attributes only. Camera coordinates marked APPROXIMATE are landmark-level estimates, not surveyed positions.
